OLIVE JAPAN®

- Key Concepts -

OLIVE JAPAN® is an International Olive Oil Competition with a comprehensive open-air event that brings olive producers and their products together with consumers. This is the most effective opportunity to contact and meet with high net worth Japanese consumers directly at the venue.

While the Marche Trade Show holds many opportunities for professionals, it is mainly focused on consumers. This is the defining character of the event, and the key distinctive feature of OLIVE JAPAN® from other major Competitions and Trade Shows.

The Venue, Futako Tamagawa is up-scale, but enjoys proximity to major parks and the Tama River with its broad, wide-open banks. For a Tokyo suburb, the area also has a high percentage of green spaces such as smaller parks and tree-lined avenues.

Because it is an aspirational area, it is the perfect place to host an event that brings olives to the Japanese urban life style, and saw great success at the launch in 2012.

Our objective is to communicate the potential of the Japanese market to international businesses and support promotional activities to help these businesses expand their presence in Japan through our programs.

We partner with area businesses in our development work at OLIVE JAPAN® making it an annual event that is grow with the community.

- New Developments in 2016 -

In order to promote the real “quality” of olive oil, the Olive Oil Sommelier Association of Japan(OSAJ), an organizer of OLIVE JAPAN® developed 2 key strategic policy in 2016.

1, Marche Trade Show moved to be held in July for only the competition winners could make exhibit.

2, Two books published, including, OLIVE JAPAN® Official Yearbook 2015-2016, which will be published annually.

OLIVE JAPAN® Chariman, Toshiya Tada wrote a book titled “Your Olive Oil maybe Fraud...” This sensational titled book philosophy is almost same as Tom Mueller’s “Extra Virginity”. Chairman Tada mentioned as his intention to recall people about the real quality of olive oil.

After publishing above T. TADA’s book, OSAJ, an organizer of OLIVE JAPAN® published its first yearbook.

This unique book provide real choice and food pairing suggestions for consumers.

Next OLIVE JAPAN® Yearbook will be issued in late June 2017 !!

Publicity Program on YEARBOOK launched in 2016 for your promotion !
